

PATTERNED AND PRIVACY GLASS

*An exclusive range of patterned glass for maximum
style and privacy in your home*

**CREATE BRIGHT
AND PRIVATE SPACES
WITH OUR RANGE
OF PATTERNED GLASS
DESIGNS**

Whether you want smart and simple, or more textured and sophisticated, our collection of patterned and privacy glass designs are perfect for any home.

Ideal for bathroom windows, front doors, porchways and showerscreens, each unique design gives you privacy whilst enhancing your décor and allowing natural, diffused light to brighten your room.

Each design has a privacy level from 1 to 5, where 1 provides minimum privacy, without compromising light levels, and 5 provides lower visibility whilst maintaining a relaxed and intimate atmosphere.

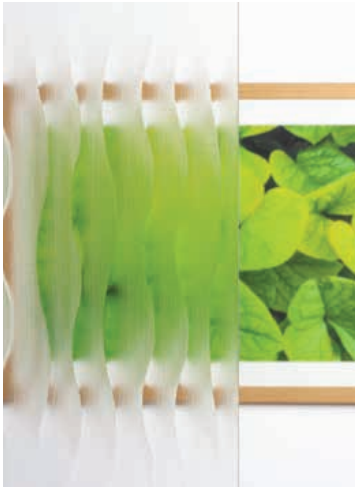

MASTER-LIGNE®

1

Privacy Level 1

A sophisticated glass design, MASTER-LIGNE® is functional and elegant. It gives a balanced view through a series of bright, parallel lines printed on a matt background.

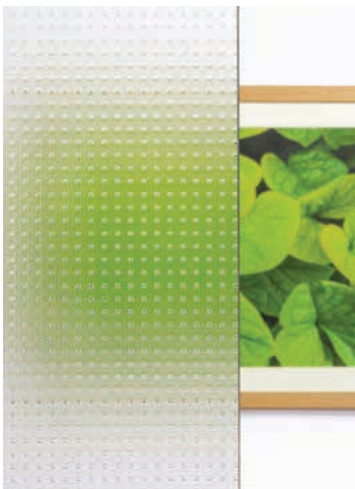

FLUID®

2

Privacy Level 2

FLUID's modern and dramatic 3D effect is inspired by wave-like structures from nature and architecture. It is a very tactile glass that suggests the motion of soft flowing water.

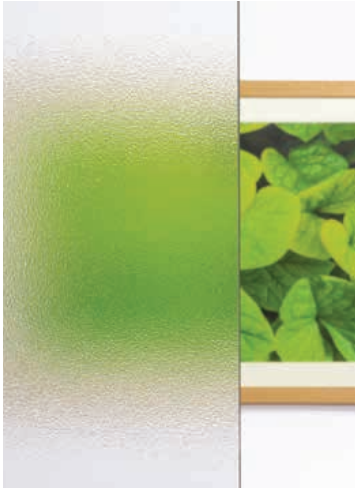

MASTER-CARRÉ®

2

Privacy Level 2

MASTER-CARRÉ® has a unique, contemporary, luxurious appearance. It is characterised by the illusion of small, shiny evenly spaced squares, contrasting with a matt background.

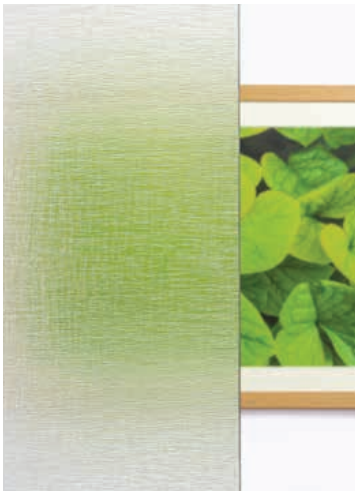

ARENA C®

3

Privacy Level 3

ARENA C® is a classic, patterned glass design that is visually appealing, practical and smart. This timeless glass is ideal for creating bright and private spaces.

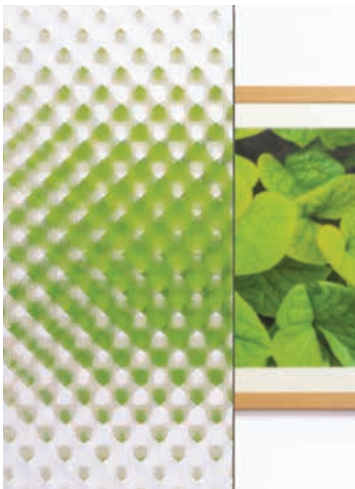

THELA®

3

Privacy Level 3

This stylish horizontal and vertical criss-cross design is refined and elegant. THELA® is lightly textured, unassuming and gentle on the eye.

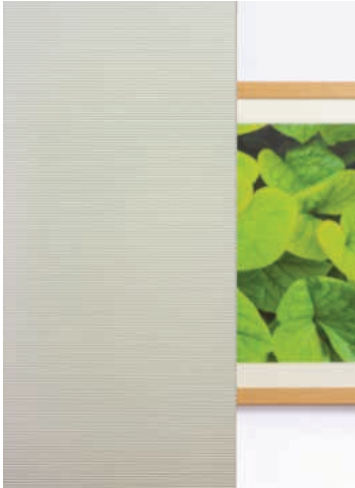

MASTER-SOFT®

4

Privacy Level 4

Structured by two diagonals, very finely engraved, the small 3D patterns reveal a soft appearance accentuated by a matt effect. Taking inspiration from luxury goods MASTER-SOFT® creates a softer, mellow effect.

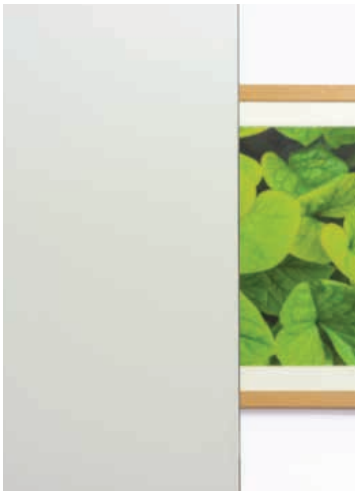

MASTER-POINT®

5

Privacy Level 5

Opening spaces to a halo of light, these compact dotted lines appear to shimmer. The fine texture of MASTER-POINT® creates a private space filled with diffused light.

SATINOVO MATT®

5

Privacy Level 5

SATINOVO MATT® has a distinctive, uniformly smooth and satin-like appearance. It provides privacy without compromising light levels ideal for creating stunning interior designs.

PROCESSING

Glass can be toughened, laminated, backpainted, lacquered, silvered and sandblasted.
