MIRALITE® ANTIQUE AGED MIRROR

A VINTAGE LOOK FOR INTERIOR DECORATION

MIRALITE® ANTIQUE and MIRALITE® VERSAILLES are decorative interior mirrors, designed to give the effect of aged mirrors. This permanent effect is obtained during production, by playing on the regularity of metal deposits on the silvering of the glass.

ADVANTAGES

Unique decorative design

The decorative design of MIRALITE® ANTIQUE and MIRALITE® VERSAILLES brings a touch of refinement and tradition to the rooms or furniture where they are applied.

Muted reflection

MIRALITE® ANTIQUE and MIRALITE® VERSAILLES reflect a soft and warm light which is highly desired in the world of interior design.

Resistance and durability

Manufactured by an industrial mirror process, MIRALITE® ANTIQUE and MIRALITE® VERSAILLES are durable and resistant to standard glass cleaning products.

Applications

Interiors:
Sliding doors, wall covering, furniture surfaces, framed mirrors.

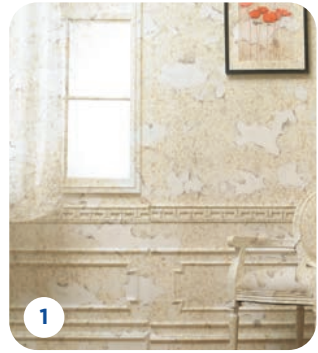

Safety

On request, a protective film can be placed on the back of the mirror (contact us).

Processing

MIRALITE® ANTIQUE and MIRALITE® VERSAILLES can be cut and processed like a standard mirror.

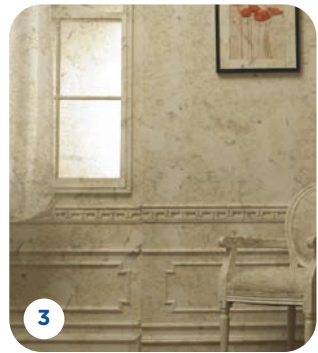

For glueing, use mirror glue and/or mirror adhesive, in compliance with professional practices and regulations.
