

# TOUGHENED GLASS

*We make it easy for you to get the perfect  
toughened glass for the job*

## Toughened Glass

We process and toughen the widest variety of glass for many applications, including the PLANITHERM® range of low-E products for domestic sealed units. With decades of experience and a highly skilled processing team, we stock 120 types of glass, with 55 types available to toughen for you and your customers every day. Our extensive range includes, but is not limited to, clear glass, COOL-LITE® SKN, the PLANITHERM® range, and the BIOCLEAN® low maintenance range.

Images for illustration purposes only.

With toughened and heat-soaked glass available up to 2.7 x 4.1 sqm, we're geared up to go large and supply products for the current trend of glazed extensions incorporating large expanses of glass such as sliding, patio and bi-fold doors, roof lanterns and fully glazed walls and roofs.

Wide range of options:

- **Float**
- **Low iron**
- **Low-E**
- **Solar control**
- **Patterned**
- **Low maintenance**
- **And more...**

**Toughened glass for IGUs is available within 10 days.**
